We look forward to adjusting weekly with new and innovative ideas to keep you safe, healthy, & joyful while meeting as many of your basic needs as we can.

The people of Town Village have always considered ourselves a unique family of staff and residents, unlike any other place in Birmingham. Our hope is that all can be counted on to conduct ourselves with kindness and compassion, with the highest amount of respect for our neighbors and staff, and make lifestyle choices of care that would not endanger ourselves or those in our Town Village family. ***We believe we will not only Survive, but Thrive!***
