DIRIGO PINES  
A GRACE MGMT COMMUNITY

Greetings,

For the May calendar we will continue with the altered activities we have been doing. Please remember that currently we can only have 10 people participate and they must all remain spaced six feet apart. Please do not move or add chairs. If you go to an event and there is no more space available let me or the front desk know so I can schedule an additional time.

Thank you all for your patience and flexibility. Some of the new things we have tried have been popular, some haven't worked right and others have changed based on your feedback. Please continue to let me know what you have enjoyed and if you have other ideas you might like to try. This month I will also have some things available that you can do when you want. For example, there will be some supplies in the Garden Room to start your own seedlings. You can do it by yourself, or invite a friend or neighbor to join you. Please just remember to maintain distance between yourselves and be courteous of others by putting things away when you are finished. There is some information in here, but also check the bulletin boards for other things that we may start as we get new ideas.

We will also encourage a hallway happy or social hour. We will have times scheduled, but you can also call a neighbor and invite them to join. Just grab a drink and a chair and sit in your doorway to talk with others.

These times are strange and can be scary, but I am grateful to be a part of this special community working together to keep each other's spirits up and stay safe.

-Tracy
