FOR IMMEDIATE RELEASE

Grace Management, Inc. Is Committed to Being Essential Senior Living

*It's not like home. It *is* home.™*

Maple Grove, MN – August 19, 2020 — Grace Management, Inc. is committed to being essential senior living, providing the best in industry-leading precautionary measures, dining catered to the individual, and engaging programming activities and events. Grace Management communities are not like home to our residents but are truly home. We believe senior living is not only essential, but that home is a feeling, a way a life, and the place where you know you belong. This is part of who we are at Grace Management, Inc.

In the face of uncertainty and understandable concern regarding COVID-19, Grace Management, Inc. is not only present and prepared, but continually finding new ways to truly be home for all our unique residents.

At Grace Management communities, our residents continue to engage and socialize. They are staying connected with family and friends and experiencing daily, enriching programming events. Grace Management, Inc. recognizes life's most essential joys are still happening. As Good Neighbors, our communities continue to provide the best in senior living.

“At Grace Management, Inc., we’re committed to providing our residents with the best care, in every situation,” said Guy Geller, President of Grace Management, Inc. “With the concern over COVID-19, we have been taking the necessary precautions, and more, to prevent the spread of the virus. If you or a loved one have questions, we’re here to help.”

Residents at Grace Management, Inc. communities’ benefit from:

- Increased monitoring from on-site associates
- Consistency of meals, with the option to have meals delivered directly to resident apartments

- Community programming and education
- Availability of necessities and supplies to avoid going to the store

We wholeheartedly agree with the sentiment of our Medical Advisor, Dr. Kevin O’Neil, MD, FACP, CMD who indicated: “A senior living community is the best place for your loved one right now considering the aggressive infection control measures that are taking place.” We remain confident that our communities continue to be the best place for our residents.

That confidence remains through the global pandemic related to COVID-19 and is supported by our proactive and precautionary approach. Our senior living communities continue to follow the recommendations and guidelines of the Centers for Disease Control and Prevention (CDC) as well as our local and state health departments. The partnership and cooperation of our residents, family members, associates, and local healthcare providers have also been invaluable as we navigate through the COVID-19 pandemic together.

### About Grace Management, Inc.

Grace Management, Inc. was established in 1984 to develop, market, and manage residential communities for seniors. We believe that by combining sound fiscal and operational management, adherence to ethical standards, and balance in all aspects of our lives, Grace Management, Inc. will continue to be known as one of the finest senior housing management companies in the country.
