Easter & April

Have you ever wondered why Easter isn't always in April? The holiday falls on the first Sunday after the first moon after the spring equinox. (The first full moon the equinox was March 28 this year.) Thousands of years ago. Christians would often make a pilgrimage to the Holy Land to celebrate Easter. Most traveled by foot, and they needed a light in the darkness of night to guide them as they walked. Thus, the holiday's date was set to follow and center around the full moon.

What's Lucky in April

Lucky Color: Orange

Lucky Animal: Fox

Lucky Letter: H

Lucky Day: Saturday

Lucky Plant: Snapdragons

We Salute You Caregiver

Think of the word "caregiver" and you're unlikely to question how the term got its name. To care is "to be concerned" and to give is to "offer to another." Someone who offers their concerns for another is compassionate, kindhearted and undoubtedly needed . For all the thing caregivers do, from assisting with everyday tasks to providing companionship and a listening ear, they deserve much praise. We offer a heartfelt thanks and a special salute to all the caregivers in our community!

Easter Joy

We want to wish all of our Resident and their Family a Happy Easter! We hope you and your loved ones have a joyous holiday.
