John is a new resident in our community and he has jumped right in! John is completely deaf and uses American Sign Language to communicate. He has been hosting an ASL class twice a month since he has been here and he has made a huge impact on our residents and our staff. John always has a smile on his face and is quick to let you know how appreciative he is.

Tonya is our Life Enrichment Assistant. She has only been a part of our community since October but long before she was coming in and spending time with our residents as a friend to them. She always has a smile on her face and is willing to help whoever, whenever. We are thankful to have Tonya as part of our family here at Inspirations!
